Dear Mayor Bates,

A critical initiative is in jeopardy. **Over \$1,000,000 in secured funding will be lost if the City does not keep its commitments by guaranteeing \$60,000/year of our bicycle funds for five years to the expansion and daylighting of the Berkeley Bike Station.** No other Berkeley transportation project promises to deliver so much to promote bicycling and transit for such a relatively small contribution by Berkeley.

The bicycle is one of our most potent antidotes to the city’s carbon pollution, yet bicycle theft and lack of support deter many from trying. As the city mobilizes to address climate change, to fail to provide for bicycle riders is to say no to the mandate of Measure G. Many sources are available to close the funding gap.

Please support the Berkeley Bike Station in this critical hour so we do not lose this window of opportunity to fulfill the 10+ year community vision to better serve Downtown employees, students, visitors, transit riders, businesses and residents.

Sincerely,
